

How can I support Wisconsin CHEA on a regular basis??

We ask that you faithfully **attend our annual spring conference**— this is our most important and largest fund raiser, and it only comes once a year!! Plus, you can also donate to CHEA with a one-time gift, or a monthly commitment of giving.

And, now the SCRIP Rewards program gives everyone an opportunity to donate to our ministry just through their **normal shopping dollars**!! Learn how to integrate the SCRIP program into your daily routine. It only takes a small amount of planning on your part, and by faithfully using SCRIP as an alternate form of payment, instead of your check, credit card, cash or debit card, both **Wisconsin CHEA AND your family will benefit** through every dollar you spend on normal items such as groceries, gas, clothing, books, toys, and much more!! **Every individual family that participates in the SCRIP Rewards program will now earn reward money on a quarterly basis. Please see our SCRIP Rewards handbook for details. We have calculated that even an average family of four may earn as much as \$200—\$600, and even more, per year!!**

This rewards money is paid out by check on a quarterly basis, and can be used however you wish. Most participants use that money for their spring conference, new curriculum each year, school supplies, etc., but we simply write you a check, and YOU decide how you want to spend that money!!

This is a great way for us to work together— we support you through the rewards, and you support CHEA through your faithful, regular participation in the SCRIP program!

NOTE: We are looking for group coordinators in all areas of Wisconsin. If you would like more information, or would like to volunteer to become a group coordinator, please contact us.

Are you looking for a way to supplement your income so that you can purchase your curriculum worry-free?? Would you like to support Wisconsin CHEA but just don't have a lot of extra money?? Would you love to come to conference each and every year, have enough money to purchase your curriculum and school supplies, but your dollar seems to be stretched tighter and tighter these days...

Well, now you may be able to afford to not only come to CHEA's conference each year, but to make a family vacation out of it!! You may also have enough money left over to purchase those extra school supplies you've been wanting, or even your entire curriculum!! How, you ask??

The answer to that question is Wisconsin CHEA's brand new SCRIP Rewards Program!!

SCRIP is fundraising while you shop!!

You donate to CHEA and earn money for your own family while doing your everyday shopping!! There are hundreds of merchants in the SCRIP program in the following categories: groceries, gas, auto care, clothing, hair care, school supplies, pet care, electronics, books, toys, entertainment, dining out, fast food, home and garden, appliances, sports equipment, hunting, boating, fishing, gifts, greeting cards, wrapping paper and much, much more!!!

Why support Wisconsin CHEA??

Many of you think of Wisconsin CHEA as just a spring conference ministry. However, we would like to remind you that we are extremely busy all year long, working on behalf of ALL homeschoolers here— and we depend on fund raising to get us through the entire year!!

Here are just a few of the things Wisconsin CHEA does throughout the year:

- Monitor all state and national legislation and issues that would affect the home schooling family.
- Plan and direct new activities and seminars for home school families. Offer field trips at a huge discount— great for smaller groups that could not normally receive such discounts, and the larger groups will be glad to have the planning done by us!!
- Host a yearly legislative day where we all gather in Madison to visit our legislators and show them the POSITIVE aspects of home schooling, listen to speakers, have our children see firsthand our state government at work!!
- Maintain an informative website, with all new features coming in the summer or fall of 2012!
- Promote home schooling through information packets, interviews with the press, phone information and mailings. We strive to present home schooling in the most positive way to the public and to legislators. We maintain a file full of statistics and information that proves that not only does home schooling work, but home school parents are turning out productive, honest, hard-working, intelligent citizens, who are the most sought after in colleges and in the workplace. We share this information with all who need it!!

Wisconsin CHEA's vision:

We envision home-schooled families in Wisconsin who honor the Lord Jesus Christ by embracing home education that is parent-directed, Christ-centered and free from government control.

Wisconsin CHEA's mission:

Our mission is to motivate parents to disciple the next generation of Christians to impact our state, country and world for Christ and His Kingdom by providing support, encouragement, help, information, leadership and resources, for both home-school and parenting issues.

How much can I earn for my family through the SCRIP Rewards program?

We have calculated that an average family of four, if they use the program on a regular basis, can earn anywhere from \$200—\$600 per year, and even more. The more you use SCRIP cards as an alternate form of payment, the more you will earn!! CHEA is splitting the merchant donations with you on a 60/40 basis, and every merchant gives a different percentage of donation. See our SCRIP Rewards Handbook for more details!!
